

**MQ 2019 March BOM**

Nine Patch Chain

A's are for large squares. B's are for small nine-patch squares.

Dark #1 is for large top left and lower right squares, and center diagonal nine-patch squares.

Dark #2 is for small nine-patch blocks--the top left, and lower right squares.

Make ONE 12 inch block. Trim nine-patch blocks to 4 ½ inch squares by trimming a little around the perimeter of each block in order to keep the center block centered.

	Light	Dark #1	Dark #2
A	(4) 4 ½ " squares	(2) 4 ½" squares	
B	(12) 2" squares *	(9) 2" squares*	(6) 2" squares*

\*You may cut these at 1 7/8" if you prefer—there will be less waste to trim off around the perimeter of the block.

Make TWO 6 inch blocks. Trim nine-patch blocks to 2 ½" inch squares by trimming a little around the perimeter of each block in order to keep the center block centered.

	Light	Dark #1	Dark #2
A	(8) 2 ½" squares	(4) 2 ½" squares	
B	(24) 1 ¼" squares	(18) 1 ¼" squares	(12) 1 ¼" squares

Sew into rows, sew rows together! 😊
